Instructor-Led Safety Training
Instructor-led safety training is interactive and provides opportunity for practice as employees are trained to help save lives, reduce injuries and accidents and lower liability in the workplace. Green Guard’s network of certified instructors provides expert, hands-on, instructor-led training at your facility or one of our authorized training centers near you.

Online Training
Online safety training is a convenient way to train your employees to help save lives, reduce injuries and accidents, and lower liability in the workplace. Online training saves time and money by taking less time away from an employees’ workday. Online training allows employees flexibility to access training when and where they have the time. Employees can pause, reread or proceed through content at their own pace.

ENGAGING CONTENT
Using a powerful combination of audio, full-motion video, text and colorful graphics, our online courses provide the most cost-effective safety and regulatory compliance training available today. Courses are divided into a number of logical sections so information is easily understood and retained.

NEED AN LMS?
Green Guard provides a complimentary LMS (Learning Management System) so you can monitor student training and keep track of your compliance in one simple location. Gone are the days of spreadsheets and data entry!

ALREADY HAVE YOUR OWN LMS?
All of our online courses can be installed and run on any SCORM conformant learning management system.

DVD COURSES
DVD Courses combine up-to-date content filmed on site in real workplace situations. DVD’s are an easy way to train your employees to help save lives, reduce injuries and accidents in the workplace, and lower liability. A cost effective solution for Safety Training with over 300 titles.

OSHA 10 & OSHA 30
Online OSHA 10 & 30 Hour Training available in both general industry and construction, this is the most efficient and easy-to-use means of obtaining your DOL/OSHA course completion card.

HAZWOPER
Meet compliance needs with HAZWOPER 40-Hour, 24-Hour and 8-Hour refresher courses and receive a HAZWOPER Proof of Completion Certificate.

Courses: • AED,BBP - Bloodborne Pathogens • Confined Space Entry • Construction Fall Protection • CPR/AED/First Aid • Eye Protection • Fire Extinguisher • Fire Extinguisher & Fire Safety • Forklift Safety • Hazard Communication • Lock Out – Tag Out • Machine Guarding • OSHA Compliance Training • PPE (Personal Protective Equipment) • Powered Industrial Truck Safety and Respiratory Protection

CPR/AED TRAINING
900 People Die Every Day in the U.S. of Sudden Cardiac Arrest (SCA)
Double a victim’s chance of survival with effective bystander CPR & Defibrillation provided immediately after cardiac arrest.

Green Guard is proud to offer MEDIC FIRST AID® BasicPlus combined training. MEDIC FIRST AID’s training process, based on proven instructional design theory and practice, utilizes “hearing, seeing, doing, speaking, and feeling” methodology to create student-centered learning and a low-stress learning environment.

2 Easy and Convenient Ways to Teach Your Team CPR

Blended Learning - Minimize downtime for your team.
Students take an online course. When successfully completed, an instructor will evaluate the student’s skill with a “Skills Test”. Students learn anywhere, on any device, on their schedule.

Onsite Training - Want a more traditional interactive onsite session?
This classroom style training is a great solution for traditional style “group” trainings. Our instructors and content always get high praise. We can come to your facility or you can come to a Green Guard Training Center near you.

Green Guard Offers Several CPR Courses

*Layperson - This course covers basic CPR/First Aid and AED Certification.
*Healthcare Providers and First Responders - This course covers everything required for Healthcare Professionals and First Responder CPR Certification including BLS.

Core Class Topics: • First Aid Provider • Legal Considerations • Recognizing an Emergency and Deciding to Help • Personal Safety • Disease Transmission and Universal Precautions • Emergency Medical Services (EMS) • Respiratory and Circulatory Systems • Sudden Cardiac Arrest and Early Defibrillation • Chain of Survival • Chest Compressions • Rescue Breaths • Primary Assessment - Unresponsive Person • Unresponsive and Breathing - Recovery Position • Unresponsive and Not Breathing - CPR • Automated External Defibrillators • Basic AED Operation • Troubleshooting and Other Considerations • Choking • Primary Assessment - Responsive Person • Secondary Assessment* • Control of Bleeding • Tourniquets* • Internal Bleeding • Managing Shock • Head, Neck or Back Injury • Swollen, Painful, Deformed Limb • Splinting* • Burns • Warning Signs of Sudden Illness • Altered Mental Status • Stroke • Diabetic Emergencies • Seizure • Breathing Difficulty, Shortness of Breath • Asthma • Metered-Dose Inhalers* • Nebulizers* • Severe Allergic Reaction • EpiPen® Auto-Injectors* • Pain, Severe Pressure, or Discomfort in the Chest • Severe Abdominal Pain • Poisoning • Heat Exhaustion • Heat Stroke • Hypothermia • Frostbite • Emergency Moves • Emotional Considerations

* Optional program content
What Is AED Program Management?

To rescue a victim of cardiac arrest, you need an AED that is ready to deliver a lifesaving shock. But just having an AED is not good enough. To save a life, you have to make sure your AED is working and will be in the hands of a trained volunteer responder.

If that sounds simple, you may not realize all you need to know and do to set up and maintain a successful AED program.

Automate Your Program

The best solution for high-quality AED program management is simple: Let PlusTrac™ guide you through set up, and then let us do the worrying. Take action only when you are alerted that it is needed. PlusTrac™ can be your guarantee that your AED will always be Ready, Compliant and Supported.

PlusTrac™ is an AED program management service with online software solution and mobile app that provides everything to effectively manage your AED

Professional AED Program solution including PlusTrac™ online management program for a single (1) AED, complete client implementation support, EMS registration and agency filings as well as legislative and regulatory support. A dedicated account manager will work directly with you to ensure compliance and an effective program is established. Medical direction and prescription included.

ARE YOUR AEDS READY AND COMPLIANT?

Here are some important questions for anyone managing AEDs:

- Are you certain every one of your AEDs is ready and will work in an emergency?
- Do you know the current self-test status of every AED in your program?
- Are you checking AED status regularly?
- Do you know when to replace the pads and batteries for each of your AEDs?
- Are you tracking the responders assigned to your AEDs?
- Who will you call in order to train your responders in using AEDs and CPR?
- Do you know when your responders will need re-training to maintain their rescue skills?
- Can you quickly and accurately review the current status of all your AEDs and trained responders?

Having trouble answering these questions? PlusTrac™ is the answer.
Early CPR and Defibrillation SAVES LIVES!!

Sudden Cardiac Arrest (SCA) is not a heart attack. It is a condition where the heart abruptly and unexpectedly ceases to function (cardiac arrest). SCA is an "electrical problem" caused by Ventricular Fibrillation, a heart rhythm disorder. In SCA, the heart is no longer able to pump blood to the rest of the body.

ZOLL AED PLUS®
Approximately 50% of sudden cardiac arrest (SCA) cases initially require a shock. All rescues require high-quality CPR.

ZOLL’s patented Real CPR Help® provides rescuers with integrated, real-time CPR feedback on depth and rate of compressions for high-quality CPR. In addition to Real CPR Help, the AED Plus® offers:

- CPR-D•padz™, a one-piece, pre-connected pair of electrodes with Real CPR® Help
- Intelligent Pediatric Capability, when connected, the AED Plus recognizes that a pediatric rescue is in progress.
- Low cost of ownership, including more efficient lifetime maintenance from longer lasting batteries and longer lasting pads. (Pads last five years.)
- Voice and text prompts to guide rescuers
- 7-year device warranty option
- Weekly and monthly self-tests by default – or customize as often as daily
- IP55 rating for protection against dust and water
- ZOLL’s Rectilinear Biphasic waveform

3251 ZOLL AED PLUS® (Semi-Automatic)
3264 ZOLL AED PLUS® (Fully-Automatic)

3254 ZOLL CPR-D•padz™
One-piece, pre-connected pair of electrodes with Real CPR® Help.

3253 ZOLL pedi•padz® II
When connected, the AED Plus® recognizes that a pediatric rescue is in progress.

First Aid Cabinets

Meeting Your Requirements. Meeting OSHA Regulations.

At the heart of every company’s emergency plan, there should be a properly stocked first aid cabinet. Green Guard cabinets are built tough on the outside of durable steel for years of service. Yet inside, the contents are sensitive to the needs and distress of your employees. Treat your employees’ discomforts with quality Green Guard products for:

- Minor cuts and abrasions
- Personal discomforts
- Burns, thermal or chemical
- Eye irritation
- Trauma

Our cabinets are available in a wide variety of sizes and content selection to match your company requirements.

1150 3-SHELF CABINET
16” x 13-1/2” x 5-1/2”

An ideal cabinet for small businesses, shipping and receiving departments or other remote locations of your facility. Convenient door pouches and a wide assortment of product will give you confidence in your ability to handle emergencies.
MEETS ANSI Z308.1-2015 Class B

1155 4-SHELF CABINET
21-3/4” x 14-7/8” x 5-1/2”

A standard in the industry for over 30 years, this cabinet contains an assortment of adhesive bandages, dressings, eye care products, antiseptics, employee comfort items and much more, to meet those day-to-day mishaps at work. Convenient door pouches allow for storage of smaller items.
MEETS ANSI Z308.1-2015 Class B
ANSI Z308.1-2015 Class B Kits
Class B kits are intended to provide broader range and quantity of supplies to deal with injuries encountered in more populated, complex and/or high risk workplace environments.

1158 4-SHELF WIDE CABINET
22-1/4” x 19-1/4” x 5-3/8”
25% more space than a regular 4-shelf cabinet! Provides the same selection and variety of first aid items as the 5-shelf cabinet with a smaller overall footprint.
MEETS ANSI Z308.1-2015 Class B

1180 5-SHELF CABINET
27-3/8” x 19” x 6-1/2”
This 5-shelf cabinet provides the largest selection and variety of first aid products to meet the everyday treatment of accidents and injury.
MEETS ANSI Z308.1-2015 Class B
O SH A  R EG U LATIO N

C FR  1910.151(b)
In the absence of an infirmary, clinic, or hospital in near proximity to the workplace which is used for the treatment of all injured employees, a person or persons shall be adequately trained to render first aid. Adequate first aid supplies shall be readily available.

Emergency Kits

Just Grab and Go!
An ideal addition to your first aid cabinets, these kits are designed to be your first line of defense when serious accidents and emergencies arise. Our Emergency kits give you portability to injuries upstairs, downstairs, in the parking lot, at the loading dock or wherever you need to go.

1190 FIRST RESPONDER KIT
Contains everything you need for quick response to accidents and injuries on the job. Included are saline solution, bandages and dressings, tapes, trauma compresses and more.

1194 FANNY PACK
Everything you need for minor first aid emergencies in our most portable pack. Pack features an adjustable strap to fit around the waist.

1195 TRAUMA KIT
Designed to be the first line of defense in an emergency situation. Green Guard trauma kits are made of high-impact plastic, it’s lightweight and extremely durable. Contains a wide variety of products to meet emergency needs.

1196 DELUXE TRAUMA KIT

OSHA REGULATION
CFR 1910.151(b)
In the absence of an infirmary, clinic, or hospital in near proximity to the workplace which is used for the treatment of all injured employees, a person or persons shall be adequately trained to render first aid. Adequate first aid supplies shall be readily available.
Vehicle First Aid Kits

There’s a Green Guard first aid kit that is perfect for your needs! Whether you have a large fleet or a single truck, our kits provide on-the-spot help. Each kit can be mounted in a vehicle for safety and is water and dust resistant.

1125 SUPER UTILITY KIT
14-7/8” x 10” x 4-5/8”

Make it what you want! Excellent for large over-the-road trucks or just back home in your small business. You may want it in a remote area of your facility that has fewer employees. Versatile and functional, you’ll find a variety of products for your comfort and assurance. MEETS ANSI Z308.1-2015 Class B

1135 SMALL VEHICLE KIT
7-1/2” x 4-5/8” x 2-3/8”

1133 ECONOMY TRUCK KIT, PLASTIC
7-11/16” x 4-9/16” x 2-3/8” (not shown)

1105 DELUXE VEHICLE KIT
13-11/16” x 9-1/8” x 2-3/8”

Ideal for your superintendent or foreman’s truck or van. Easily mounts or fits behind or under a seat. Tough durable steel protects it from the rough and tumble of a man’s work!

1142 MEDIUM VEHICLE KIT
9-1/8” x 6-3/8” x 2-3/8”

It’s packed with a lot of product just waiting for an accident to happen! Great for the company delivery trucks, church vans or even SUV’s. Don’t leave work without it!

Burn Kits

Burn victims want treatment that cools the burn, relieves the pain and protects against contamination. They also want treatments and dressings that won’t stick to the wound and can be easily removed or rinsed away.

1198 DELUXE BURN KIT

Green Guard’s custom burn kits offer just what you need to treat burn victims. Quick and complete care!

1197 SMALL BURN KIT
First Aid Instruments

First responders need the best tools for any first aid emergency. We carry a variety of quality instruments to cover all your needs.

- **8200 BANDAGE SCISSORS 5-1/2”**
  Stainless steel bandage scissors with clip

- **8202 PARAMEDIC SHEARS**
  Multi-purpose for cutting through leather, plastic or fabric

- **8205 SCISSORS, KIT TYPE 4-1/2”**
  Stainless steel kit scissors ideal for cutting bandages quickly and efficiently

- **8207 FORCEPS, DUMONT 5”**

Eye Care

We offer a variety of eye wash products to suit your facility. Wall mountable or table top eye wash stations ensure your employees can be treated in an efficient manor to minimize injury.

4115 PUREFLOW 1000
Self-contained gravity-fed emergency eyewash station that delivers Eyesaline, a purified solution formulated to establish pH and isotonicity for safe and effective use. Provides a constant flow rate for the full 15 minutes.
- Lockable helps prevent tampering.
- Integral reservoir captures its own waste fluid, eliminating potential safety hazards.
- Safety sealed, activation straps display expiration date and batch number.
- 30”H x 29”W x 22 1/2”D Includes mounting bracket & 8”x10”eyewash sign.

*Cartridges sold separately. Meets ANSI Z358.1998 Standard

4116 PUREFLOW 1000 REPLACEMENT CARTRIDGES

2000 FENDALL 2000
100% sterile wall mounted emergency eyewash system.
- Delivers 100% sterile saline from a 100% sterile delivery system.
- Easy-to-install single cartridge with 24-month life saves time and money on replacements and frequent inspections.
- Built-in alarm system that sounds when the unit has been activated and again when the injured individual has completed the required 15-minute flush.
- Sleek assembly that fits nearly anywhere.
- Highly portable and easily moved when work stations move.
- Built-in reservoir collects waste solution for safety and easy disposal.
- Easy-view side windows to check sterile solution expiration date and key contact information.
- Sterile saline solution adheres to FDA requirements for providing sterile eyewash solution in self-contained emergency eyewash stations.

*Cartridges sold separately. Meets ANSI Z358.1998 Standard

2050 FENDALL 2000 STERILE REPLACEMENT CARTRIDGES
Sterile, buffered, pH-balanced saline solution offers unmatched safety.
- Safety sealed cartridges last for 24 months (4-8 times longer than other refill solutions).
- Each cartridge contains 3 1/2 gallons of Eyesaline Solution.
- Integral cartridges, hoses and nozzles are one replacement unit guaranteeing a non contaminated wash.
Where the eyes or body of any person may be exposed to injurious corrosive materials, suitable facilities for quick drenching or flushing of the eyes and body shall be provided within the work area for immediate emergency use.

4100 PORTA STREAM II
The Porta Steam II Eyewash Station offers versatile portability and a full 15-minutes of uninterrupted flushing. It is self-contained and it features a nozzle strap that is easily removed to activate flushing. Featuring high visibility making it easy to find in an emergency.

We can provide regular inspection and service program.

*Meets ANSI Standards for 15-minute flush.

4100DC PORTA STREAM II DUST COVER

4101 EYEWASH ADDITIVE FOR PORTA STREAM II
Mix with clean, potable water (10:1 ratio). One bottle (8oz.) suitable for 14-16 gallons. 30 month shelf life (unopened).

4140 FENDALL EYESALINE® FLASH FLOOD
Fendall Flash Flood utilizes sealed cartridges that contain one gallon of preserved and pH balanced Sperian Saline solution. The Fendall Flash Flood delivery system offers immediate, hands-free eye flushing, and is portable to meet the needs of changing work-place hazards. Removing the pull strap easily activates the system, while dual nozzles provide flushing to both eyes simultaneously. When activated, Fendall Flash Flood delivers saline solution for three minutes.

*Does not meet ANSI 15-minute flushing requirement, intended to support, not replace, primary eyewash devices.

4141I FLASH FLOOD EYESALINE® REFILL GALLOON
Eye Care

Our portable eye & skin solutions allow you to keep buffered, sterile eye wash on hand wherever it may be needed to provide immediate care until emergency care can be rendered.

4125 EYE & SKIN STATION

This portable unit contains a flush bottle with cup as well as two 16oz. bottles of Eye and Skin solution. Included are eye pads and tape and an eye magnet w/loop to aid in the removal of foreign particles. Wall mounted or portable.

4114 SINGLE WALL STATION

Provide immediate flushing until the injured person can be helped to a primary emergency eyewash device. Contains 1 - 16oz bottle sterile eyewash.

4127 DOUBLE WALL STATION

Provide immediate flushing until the injured person can be helped to a primary emergency eyewash device. Contains 2 - 32oz bottles sterile eyewash.

EYE WASH SOLUTIONS

Single use, buffered, isotonic saline

- 4110P 4 - 1oz bottles
- 4105 4oz bottle
- 4106 8oz bottle
- 4107 16oz bottle

THERA TEARS®

Lubricant eyedrops provide soothing dry-eye relief that works.

- 4104P 4/pack

4150 EYE CUPS

5/vial

4124 32oz refill
Speakman® plumbed eye/face wash stations and deluge showers help provide immediate relief to victims of chemical burns. Speakman’s soft, aerated water flow provides soothing, wide coverage and the stay open ball valves ensures hands free operation once activated. All products meet ANSI Z385.1 compliance.

**SE220 SPEAKMAN DELUGE SHOWER**
Impeller action deluge showerhead features a vertical overhead supply with stay open ball valve, allowing hands free operation once the shower has been activated. The high visibility yellow pull rod, makes finding the SE-220 easy in an emergency.

**SE400 SPEAKMAN SELECT EYE/FACE WASH STATION**
Soft aerated sprays allow users to comfortably flush their eyes for the ANSI recommended 15 minutes. A stainless steel push handle activates the unit. The SE-400 is a wall mounted unit with a stainless steel bowl and comes complete with a wall mount bracket.

**SE490 SPEAKMAN TRADITIONAL EYE/FACE WASH STATION**
Aerated water flow allows soft flowing water to provide a wider coverage, cleaning full facial areas. Unit is equipped with a stay open ball valve activated by a paddle handle allowing hands free operation once the eye/face wash has been activated. The SE-490 is a wall mounted unit with a stainless steel bowl.

**SE580 SPEAKMAN TRADITIONAL EYE/FACE WASH STATION**
Aerated water flow allows soft flowing water to provide a wider coverage, cleaning full facial areas. Unit is equipped with a stay open ball valve activated by a paddle handle allowing hands free operation once the eye/face wash has been activated. The SE-580 is a wall mounted unit with a yellow bowl.

**SE675 SPEAKMAN COMBINATION UNIT**
Features an impeller action deluge showerhead and a 1-1/4” galvanized steel stanchion. The SE-675 model features a stay open ball valve, allowing hands free operation once the shower has been activated and an SE-575 eye/face wash, without a bowl. The high visibility yellow pull rod, makes finding the SE-675 easy in an emergency.
Green Guard products are a key part of your first aid program. When people don’t feel well, they don’t perform well. Green Guard relief tablets provide the relief that keeps them on-the-job. Green Guard relief tablets also offer complete bilingual English/Spanish drug facts and instructions.

To ensure safety, all Green Guard relief tablets are supplied in tamper-evident packets. Each product box and inside packet is color coded for positive identification. Each packet provides directions for use, active ingredients, indications and lot number with an expiration date. There are a variety of products and sizes to meet your specific needs.

**GREEN GUARD relief Tablets**

**IBUPRO relief**
Temporarily relieves minor aches and pains due to:
Minor pain of arthritis, toothache, muscular aches, backache, menstrual cramps, headache, common cold, temporarily reduces fever.

- 2250 100/box
- 2251 250/box

**NON ASPIRIN relief**
Maximum strength relief. Provides temporary relief of aches and pains associated with: Headaches, muscle aches, common cold, menstrual cramps, minor arthritis pain, toothache, backaches, for the reduction of fever.

- 2224 100/box
- 2222 250/box

**ADVANCED SINUS relief**
A non-drowsy formula. Temporarily relieves the following symptoms associated with the common cold, sinusitis, or hay fever. Nasal congestion sneezing, runny nose, low fever, minor aches & pains.

- 2206 100/box
- 2207 250/box

**PAIN & ACHE relief**
A fast, effective formula for temporary relief of minor aches and pains associated with:
Headaches, minor arthritis pain, muscular aches, colds, toothache, menstrual cramps.

- 2209 100/box
- 2210 250/box

**PMS relief**
For the temporary relief of minor aches and pains and discomfort that may occur a few days before and during the menstrual period.

- 2270 100/box
- 2271 250/box

**MAXIMUM STRENGTH STOMACH relief**
Assorted berry flavor. Provides maximum strength relief from: Acid indigestion, heartburn, upset stomach.

- 2280 100/box
- 2281 150/box
ANSI recommends that:

First aid kits contain an oral analgesic.

Any additional over-the-counter drug product included in a first aid kit should be packaged in a single dose, tamper-evident, packaging with full labeling as required by FDA regulations, and should contain no ingredients which are known to cause drowsiness.

**COUGH & COLD² relief**
Multi-symptom ingredients temporarily relieve these symptoms associated with the common cold, or flu: Nasal decongestion, headache, fever, body aches and pains. Contains an expectorant to help create a productive cough.

**Benefits of Offering Green Guard relief Brand Tablets to Your Employees**

**Increased Productivity:** Pain and discomfort often lead to decreased productivity and increased absenteeism, costing employers far more than what is spent on First Aid tablets. Green Guard’s tablets cost pennies per dose and can help lower absenteeism and increase productivity.

**Safety:** By providing safe, individual, tamper evident unit dose packets employers decrease the risk of improperly shared medications and cross-contamination. Unlike some other brands, all Green Guard relief brand tablets are non drowsy formulas for safe use in the workplace. An additional benefit of our service is that on each visit our trained representatives ensure that no products in your cabinet have exceeded their shelf life.

**Quality:** All Green Guard relief brand tablets are packaged in our own state of the art FDA registered facility. In addition to packaging our own Green Guard relief brand tablets we package over 500,000,000 OTC tablets for other well known companies.

**Bi-Lingual Labelling:** All Green Guard relief brand tablet cartons contain directions, indications, contraindications, ingredients, and proper dosages in both English and Spanish.

**Morale:** Employees see, and appreciate the availability of Green Guard relief brand tablets as a valuable employee benefit.

**Liability:** All of Green Guard’s products including first aid tablets are backed by our multi million dollar product liability insurance for added peace of mind.
Green Guard stocks a variety of specialty formulas from Medique Products, the leader in industrial over-the-counter medications.

**BACK PAIN-OFF**
The maximum allowed dosage for temporary relief of back pain, muscular aches, strains and inflamed joints of the lumbar and sacral regions. Increases blood flow to speed relief.

- **MEDIPROXEN**
  Compare active ingredient to Aleve®
  Long-lasting relief from pain associated with headaches, muscular aches and minor arthritis. Effectively reduces fevers from colds and flu.

- **ASPIRIN**
  Temporarily relieves minor aches and pains due to: headache, muscular aches, minor arthritis pain, toothache.

- **DIOTAME**
  Compare active ingredient to Pepto-Bismol®
  Chewable, sugar-free antacid/diarrhea relief tablets. Soothes irritation with a protective coating action, without constipating.

- **DIAMODE**
  Compare active ingredient to Imodium® AD
  Anti-diarrheal medications clinically proven for control and symptomatic relief of acute non-specific diarrhea.

- **LORADAMED**
  Compare active ingredient to Claritin®
  Relief of symptoms due to hay fever and upper respiratory allergies such as runny nose, itchy, watery eyes, sneezing and itching of the nose or throat.

- **DIPHEN**
  Compare active ingredient to Benadryl®
  Relief from allergies and hay fever. May cause drowsiness.

- **MEDI-SELTZER®**
  Compare active ingredient to Alka-Seltzer®
  Effervescent pain reliever and antacid with specially buffered aspirin.

- **SORE THROAT LOZENGES**
  Fast-acting relief from sore throat and minor mouth pain.
GUAICON DMS LIQUID
Alcohol-free and sugar-free relief of coughs associated with colds and flu.
217B Single dose

COLD-EEZE
Reduces the duration and symptoms of the common cold including cough, stuffy nose, sore throat, sneezing, post-nasal drip and hoarseness.
45873 25/box

MEDI-LYTE
Sodium-free, sugar-free and lactose-free relief from heat stress, fatigue and muscle cramping due to minerals lost to heat and perspiration.

Facility Services

Proper sanitation, including cleanliness, plays a major role in reducing illness and the transmission of germ and virus born disease. Green Guard’s industrial restroom products assist you in meeting your cleanliness goals.

**PAPER DISPENSER & SUPPLIES**
Soft and absorbent jumbo rolls reduce upkeep and cost. Dispenser locks and eliminates pilferage, vandalism and waste.

- **9500** Center Pull Towel Dispenser
- **9501** Center Pull Towels (6 rolls/cs)
- **9505** Toilet Paper Dispenser
- **9506** Toilet Paper Refills (12 rolls/cs)

**NEATSEAT® TOILET SEAT COVERS & DISPENSER**
Flushable seat covers provide a complete and sanitary physical barrier.

- **9507** NeatSeat® Dispenser
- **9508I** NeatSeat® Refill (125/pk)

**AUTOMATIC TOUCHLESS DISPENSER**
Improves hygiene and reduces risk of cross-contamination. Electronic dispenser gives you the longest battery life in the industry - up to 72,000 hand dries.

- **9570** Black Touchless Towel Dispenser
- **9571** White Towel Refill (6 rolls/cs)

**DRIPMASTER® SYSTEM**
Dual-action delivery system distributes a fresh fragrance while it cleans and deodorizes fixtures. Controlled dripping for 30 days.

- **9540** DripMaster System
- **9541** DripMaster Refill
**9660 TCELL AIR FRESHENER DISPENSER**
Freshener system helps control unpleasant odors. Cartridges are easy to change and install.

- 9662 Polar Mist Scent
- 9663 Blue Splash Scent
- 9665 Citrus Scent
- 9666 Tropical Sunrise Scent
- 9667 Apple Cinnamon Scent
- 9668 Vanilla Cream Scent
- 9680 Mango Blossom Scent
- 9681 Cucumber Melon Scent

**9518 800mL BAG IN BOX DISPENSER**
GOJO 800mL Series Bag in Box dispensing systems have portion control and they also have sanitary-sealed refills.

- 9521 Pink Pearl Soap, 800mL
- 9522 Green Pumice Soap, 800mL
- 9523 Antibacterial Soap, 800mL

**9534 GOJO ORANGE PUMICE SOAP**
Crème formula with orange citrus ingredients and natural pumice scrubbers. For removing grease, tar and oil. Use with or without water.

**9526 INSTANT HAND SANITIZER, 800mL**
Kills 99.99% of the most common germs that may cause illness. Fits Purell Bag in Box Dispenser.

**9530 1200mL TOUCH FREE DISPENSER, GRAY**
PURELL® TFX™ Touch Free Dispenser for trouble-free performance. Fully ADA compliant, UL/CE registered.

- 9530B 1200mL Touch Free Dispenser, Black (not shown)
- 9530S Floor Stand for Touch Free Dispenser (not shown)
- 9531 Foam Hand Sanitizer, 1200mL
- 9532 Foam Antibacterial Soap, 1200mL
- 9533 Foam Handwash with Conditioner, 1200mL

**GOJO SCRUBBING WIPES**
Heavy duty hand cleaning. Formulated to lift heavy dirt and grime from skin. Portable, convenient and easy to use.

- 9582 80ct Packets
- 9583 25ct Canister
- 9584 170ct Canister

**PURELL SANITIZING WIPES**
Kills 99.99% of the most common germs that may cause illness. Portable, convenient and easy to use.

- 9580 35ct Canister
- 9581 270ct Canister
Made in the USA and ISO-9001 certified, Eagle is a prime manufacturer of safety cans, safety cabinets, secondary spill containment pallets, poly drums, material handling protective products and cigarette receptacles.

**TYPE-I SAFETY CANS**
Eagle galvanized type-I safety cans meet OSHA and NFPA Code 30 requirements and are UL and ULC listed and FM approved for safe handling and storage of gasoline and other flammable liquids.

- **UI20S** 2 Gallon
- **UI50S** 5 Gallon

**TYPE-II SAFETY CANS**
Features two openings, one with a pressure-relief spring closing lid for filling, one with an actuated pour valve with a flexible metal spout for safer controlled dispensing. FM, UL, and ULC Approved and meet OSHA and NFPA Code 30 requirements.

- **U251S** 5 Gallon

**FLAMMABLE STORAGE SAFETY CABINETS**
Keep flammable liquids near work areas in Eagle Safety Storage Cabinets. Cabinets are constructed of 18-gauge steel. Sides, top, bottom, and doors are double-walled with a 1 1/2” air space between walls. Both vents, with 2” threaded fittings, have fire baffle and cap. Cabinets come in yellow high gloss powder finish with red warning, plus grounding attachment, 3-point key lock, and 2” raised, leakproof door sill.

- **1904** 4 Gallons, 1 Manual Door
- **1932** 30 Gallons, 2 Manual Doors
- **1947** 45 Gallons, 2 Manual Doors

**CIGARETTE DISPOSAL**
Available in a variety of designs and sizes, Eagle Cigarette Receptacles provide clean and safe disposal of ashes and cigarette butts for every location.

- **1206** 5 Quart
- **1208** 4 Gallon
- **1200** 5 Gallon

*Available in Gray, Beige, Brown, Black, Blue and Green, **Available in Yellow and Beige,
Please specify color when ordering
POLY SPILL CONTAINMENT DRUMS
These tough EAGLE products handle all of your hazardous material needs. Constructed of chemical resistant high density polyethylene, are lightweight, nestable, and include UV inhibitors. All drums meet FDA 21 CFR 177.1520 (Food Grade Quality).

- **1690** 95 Gallon Overpack Drum with screw lid. Meets DOT 49 CFR 173.25

SPILL CONTAINMENT PLATFORMS AND PALLETs
the most flexible and comprehensive spill protection, containment and storage products on the market today. Polyethylene construction for excellent chemical resistance and feature Eagle’s patented removable poly grating for easier cleaning.

- **1645** 4 Drum Low Profile Pallet
- **1632** 2 Drum Platform
- **1634** 4 Drum Platform

COLUMN PROTECTORS AND POST SLEEVES
Column Protectors provide affordable protection for warehouse and factory columns and beams. Bumper Post Sleeves make old bollard posts look like new! High-visibility yellow HDPE construction with UV inhibitors resist fading, rusting or cracking.

- **1706** Column Protectors
- **1730** Bumper Post Sleeve
- **1735** Smooth Post Sleeve
This section requires employers to establish a program and utilize procedures for affixing appropriate lockout devices or tagout devices to energy isolating devices, and to otherwise disable machines, or equipment to prevent unexpected energization, start up or release of stored energy in order to prevent injury to employees.

**RIGHT TO KNOW COMPLIANCE CENTER**

- 8670: BLUE 24" x 30" (not shown)
- 8671: RED 24" x 30"

**8680 LOCK OUT CENTER, COMPLETE**
6 padlocks, 2 multiple steel lock outs, lock out tags with zip ties.

**8685 LOCK OUT TAGS**

- MULTIPLE LOCK-OUTS
  - 8686: 1" Steel
  - 8687: 1-1/2" Steel

- SHACKLE PADLOCK
  - 8688: 2"
  - 8689: 3/4"

**SAFETY SIGNS**

Safety signs are available in a wide variety of messages and materials. Please call or consult your representative.

- 8900: ABC’S OF SAFETY, 19” x 24”
- 8900S: ABC’S OF SAFETY, SPANISH, 19” x 24”
- 8900C: CHOKING POSTER, 20” x 15”

**STANDARD 8” x 10” PLASTIC SIGNS INCLUDE:**
- EYEWASH STATION
- HARD HAT AREA
- FIRST AID SIGN
- SAFETY GLASSES REQUIRED

This section requires employers to establish a program and utilize procedures for affixing appropriate lockout devices or tagout devices to energy isolating devices, and to otherwise disable machines, or equipment to prevent unexpected energization, start up or release of stored energy in order to prevent injury to employees.
